**STILL NOT  
MADE A WILL?**

**5 excellent reasons  
why you should...**

# five

excellent reasons  
why you should  
make a will...

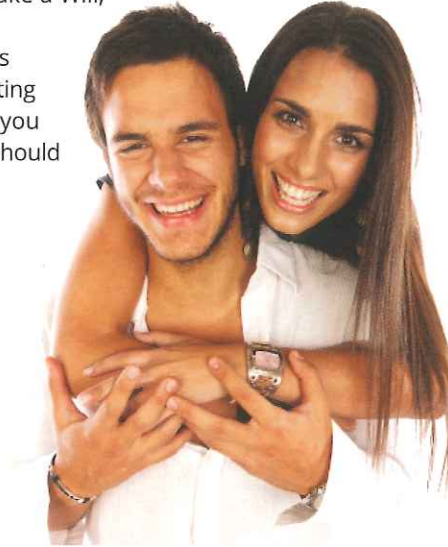

## 1 for your children

Everyone with young children needs to provide for them. Appointing family members or friends as Guardians in their Will to look after their children until they get to the age of 18 is one way of doing that.

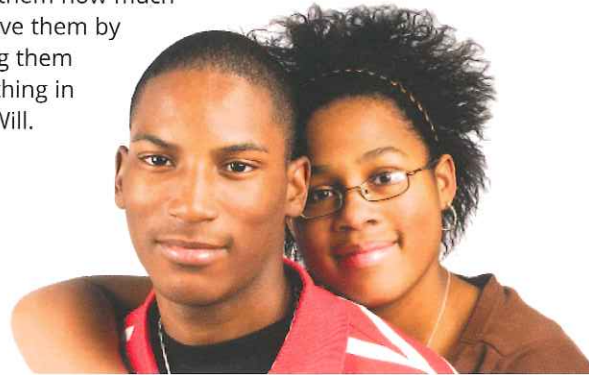

## 2 for your partner

Anyone not married or not in a civil partnership needs to make sure that their Partner is provided for in their Will. It doesn't matter how long you have been together, the Law does not automatically recognise your relationship and, if you don't make a Will, your parents and brothers and sisters could end up inheriting the share to which you think your Partner should be entitled.

## 3 for your friends

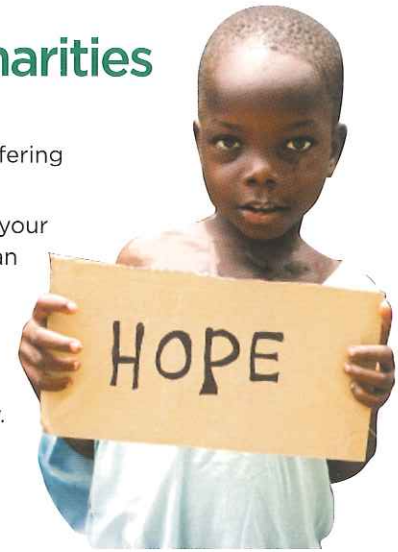

You can choose your friends but you can't choose your family! Remember that your friends will not get a penny unless you provide for them in your Will. Go on — show them how much you love them by leaving them something in your Will.

## 4 for charities

There is so much suffering in the world.

If you make a gift in your Will to a Charity it can make the world a brighter place. If you don't make a will, no one will benefit from your generosity.

## 5 for peace of mind

If you make a Will you'll know that your loved ones aren't left with a mess to sort out after you have gone. You can't put a price on that.

It's very easy to make a Will — just give us a call or send us an email and we'll do the rest.

We're happy to meet with you at our offices at a time that is convenient to you.

If you can't come to us we can visit you at your home.
